Liber Hoor Paar Kraat – The Book of Silence

Wednesday, May 10, 2006 8:00 a.m. to 9:00 a.m.

Note: During my morning meditation, while in a deep trance, after a Night worth of Sleep, a Light entered my chest and I heard, deep within a voice saying: I am an Ancient, write what comes to mind.

1. Behold! In me is the Khu, but nowhere are the Khabs to be found.
2. Zimzalabim! Thus it is revealed by Nao Manjushri Yum, the Minister of Shiva Dionysus
3. If you have not wisdom, compassion and energy then nothing you have
4. Many times you will die before uniting with the Great Spirit, but once united, None shall know Death and You will be free. Deep into the Blessed Eyes will you look and Love, Ecstasy and Sweet Dreams will be yours – Forever!
5. Abandon the Night and awake to the Light Within.
6. For God's Sake, change the way you think, feel and act.
7. Love all equally and forgive all Sins, for the Devil himself said: Ye are Innocent.
8. Oh, God and the Devil, or should I say AEIOU and Buer Bael Choronzon. Fear not, for to know evil and overcome it is the first step toward purity. Have faith in Mo, Sine and Abraxas; think of them as the Light of the Moon in a Midsummer Night's Dream.
9. Judge not lest Thou Be judged, for there shall come a Time when the Strong will become weak and the Weak will perish and Hell shall reign again and the Laughter of the Children of Man will be forgotten. Then shall emerge the Spirit of Mankind as a Golden Rose as He remembers and with Him You, too.
10. Love is the Law, Love willed. There is no Heaven without Love and there is no love without the Sacrament – Your purpose is to balance the Gravity of Stars, for therein are all Mysteries revealed, all love given and every Wish fulfilled. It turns, nevertheless.
11. Hahaha! The Reward of Heru Ra Ha, the Fool and the Magician and Crowned, too.
12. Know that All that exists, exists because of the Great Eastern Sun.
13. Awe nama pada hum! Abracadabra! Hockus Pockus! The Traitors revealed. 'tis Aum Mani Padme Hum! 'tis Abrahadabra! 'tis Aum Maha Shiva Shakti! By these Ra Hoor Khuit is pacified.
14. Awaken Warrior, go on the Hunt and do not come back empty-handed.

15. Remember Her who became one with the All, she was not empty-handed but had an Egg and a Snake without teeth – her Dildo she called it.
16. Know that all Gods and even Death tremble before me, but often Fools are held dearer than the Prophet himself. Now mix.
17. Beware of Schund, Ladi Dadi and Xoxo, everything else is pure in my, the Golden House.
18. Even amongst the Borg You have friends, even their King, 8 of 9 in Unimatrix 332, their Redeemer, Prince of Peace and one and only Jah Ras Tafari. The King is Dead, Long live the King!
19. How can you make Peace with others if you can't find Peace when alone? Know, there is a difference between being solitary and being lonely, between love and affection and between Me and You. All is but a hallucination, fleeting and unreliable.
20. Death, 'though proud it is, is but a Bloated Toad, with a little joy it turns into a Beautiful, Wise and Powerful Spirit. If you have Faith in the Spirit of Goodness, even Death will be a Reward, maybe the greatest.
21. Smile or the Heruka will kill you, Smile or You'll go to Hell, Smile and be free.
22. The Path of Recovery is threefold: exorcism, soul retrieval and Mind Expansion.
23. The Dragon and the Tiger, the troubled, melancholic, mentally retarded and possessed, these He shall help, they will be his refuge and his Appostles, for in His Heart a Fire burns and about him the Heavenly Fragrance, yet sad he is, 'though He laughs.
25. At 1 I walked! At 2 I talked! At 3 I stalked! Thus brags the Conquering Child.

Liber Hoor Paar Kraat (Part 2)

Note: After two hours of Yoga and Meditation (Wed May 10, 2006 18:00 – 20:00), the following message was channeled from 20:00 – 22:00 p.m.

26. Hey, Punk! Happy New Year. Let's expand.
27. The Love of Wisdom and the Knowledge about Awareness are the Gifts of the Eagle.
28. Seven are the Masters, Seven are the Planes, Seven are the Subplanes, Seven are the States of Being and Seven are the Faiths.
29. By Aracnia, I curse those who do evil, may they and theirs be cursed for the next 7 life-times, may their souls never find Peace and may they never find their Star. Hex, hex!
30. But be Ye goodly and godly and then I shall pour my Gold upon Thee, the Gold no Money can buy.
31. Respect all that exists. Everything we see, the whole Universe is but an Electron in the Flesh of God. Everyone gets a second chance – there are no exceptions. God is Merciful, God is Just and God is Love.
32. And know, you shall not be able to hide your sins before Death at Judgment Day. If Ye be wicked, We shall feed you to the Ori.
33. Wu Tang Fairy has given Head for Skunk – What a Fairy!
34. Codename: Haldol LSD-25 – Do what Thou wilt, but harm none.
35. Life, Liberty, Love, Light!
36. There is One who is like me, conceived under a New Moon in the Halls of Amenti, now still a 16 years old Virgin. He shall be your Christ with the Skateboarders and Insane. Don't mistake him to have a form, for Buya is not a person.

37. Dreaming is real, but dreams are not. Now ponder these words.
38. The Redeemer has awakened. He took a leak and went back to sleep. He had a dream of a Green Mist and he turned into a Butterfly and flew away into nothingness and then he woke up and he did not know: Was he a Butterfly indeed?
39. There is a Further Secret of the Hierophantic Task, called the Mysteries of Dragon Lore: Three are the Worlds within each of us. The Body is a Holy Temple and to abuse it is but to abuse the self. Ultimately, nothing really matters.
40. In your Mind keep the Light, in your Heart the Love and in your Belly the Goodness.
41. And if They mock you, invoke me by my secret name, make your spirit magnetic, your body strong and your Mind Beautiful. Thus you will live forever.
42. I see a Darkness and the Seven Atl'aman; and there is LIGHT.
43. Many a Good Person has summoned the Devil, mistaking the Symptom of Death called Fire sinking into Air.
44. There is Hope as long as there is Faith and there is a Way where there is a Will.
45. The way that can be called the Way is not the Path, but the Path leads to the Way.
46. There are paths and Paths, Ways and ways; choose wisely, think: Does my path have Heart? Do my ways lift others up?
47. Pay Reverence unto the Elders and emulate the Guru.
48. Muahaha! The Joy of Shakti.
49. The Noble Savage, the Peaceful Warrior and the Serene Psychotic; these are Friends.
50. Now sleep and dream and know that you might never again awaken.

Liber Hoor Paar Kraat (Part 3)

Note: Channeled during the evening meditation on Thursday, May 11, 2006 (18:00 – 20:00)

51. Obeah Kalachakra, Mahamandala, Yoni Mudra: You read these words but understand the meaning not.
52. When the Saints come crushing down, oh when the Saints. AumAEIOUOm!
53. "Abuse Your Power youngling you would", Yoda
54. Dor-E-Ul-la Kininigen is the Key of the Law of Protection.
55. The King who would be a Beggar fears not, he knows his Will, for it is better to be free then rich, it is better to test then to be tested.
56. "I see the Moon, the Moon sees me, the Moon sees someone I want to see", say these words three times, while looking at the moon. There is a power in this spell, a power no Mortal nor God can undo. Look deep within. Silence the Inner Turmoil. Breathe.
57. "At twilight, Wind turns into Power", the Wise Old Man said.
58. Rigs Gri Bu! The Holder of Sacred Awareness, Fortunate Sun, Grasshopper.
59. There is Wisdom, but there is Folly too, amongst my Brethren.
60. Oh Prophet, fear not. Know that if there be Hell, You shall be the Greatest Demon therein and if there be Heaven, You shall be the Greatest God, just as You are the Greatest among Men. Peace and Love unto You, Prophet of the Lovely Star.

Liber Om Pan Da – The Rapture of Loki

June 15, 2006

By Nao Manjushri Yum

1. The Impaling Force of the Spirit is upon me and I know no Rest.
2. From whence I came, I do not know. Yet, the question where to go.
3. When coy folly overcomes the Heart of Woman, there I am begotten, to live but a moment, as though in Eternity's Rapture, only to disappear in the blink of the eye, my love is my Proof, I hear the Spirits sigh.
4. Love is begotten of Goodness and Goodness is begotten of Nurture.

5. When you love, love with the Totality of Yourself, breathe Love, let it fill You and consume you.
6. Then You will awaken to your Divinity, a tiny point of awareness, aware of All.
7. I fill the Infinite Darkness with my Light and gather the Spirit like sweet Ambrosia, for I am a god and the Friend of God.
8. Open up, open up, Tzaptzarap.
9. I forgive all sins but one, so beware my son, beware of None.
10. What would the Moon be without the Sun.
11. Like the moon without the sun, I am without You.
12. Moses had his Bush and Jesus his Cross, awaken in surprise, like them too, we have the Sunrise.
13. Long has God been sleeping, all the time dreaming of being us and now that He is slowly awakening, Illusions tend to burst.
14. The Fifth cycle is about to finish and a Great Beast shall become a Symbol of Man and God's vengeance shall be upon him.
15. Those who are High, the Beast shall make higher and the lowly shall be made like unto Dust.
16. Out of the Ashes of the Universe the Phoenix rises. So too, out of the dust their hearts shall rise, by Quetzalcoatl I swear: It is True.
17. Oh, how I wished the Glory never to end, yet gone and forgotten it is, only Power remains.
18. Wisdom is to the Fool folly and Folly is to the Wise, Wisdom.
19. When the Devil asks: "What do you want for your Soul?" and He will ask you, say: "Knowledge of All".
20. As within so without, as Above so below, love is the law. Live your life by this Law and You shall be greatly rewarded.
21. The Joy of Pan is my Prana, as the Insight of Brahma is my Apana.
22. Voluptuous Exhaust from the Heart of Man, the Breath of Life and Sweet Love is All You need to be happy. Those who say that you can't live of these alone are mere liars, for certainly You shall not live without these in the Hereafter.
23. Ecstasy fills my Being and soon I won't be able to go on anymore, then I will burst and there shall no longer be anymore any Me.
24. Look deep within and You will find Peace and Silence; look without and you will find War and Noise.

The true War is within each of Us. May we win it.

Liber Rex Wicca - The Redemption of Xoxo

New Moon

August 23, 2006 8:30 - 9:00

1. This is the circus of Dr. Lao; nowhere will you find such a show - We spared no money and we spent no Dro to bring you this most wonderful Show.
2. Life is a tragi-comedy from which we can emerge triumphant only by attaining the mood of the warrior. Nobody makes God as fond as a Warrior of the Spirit.
3. The Warrior of the Spirit knows only two things: how to dream and how to stalk, which is to say, out of fairness: how to perceive and how to remember.

4. He knows that he is a star and that he can change if he tries hard enough, but with Death breathing down his neck, the warrior must first know his purpose and his enemies.
5. Let there one message be sent out to the aspiring Jedi, who want to be born Fiery Goddesses in the Halls of Amenti: Three are the poisons, four are the enemies and five are the Friends.
6. Just watch out that you don't piss off Medusa and her Apprentice Heruka or you'll end up stoned and will have to wait until Merlin comes back from Jupiter.
7. Bow to Mohamed, Jesus and Tataghata and enjoy your state of Being called Cosmic Consciousness. Oh holy, holy, holy may it be forever. Hallelujah!
8. Yage, yage the wine of the ancestors, the wine of the dead, the wine of the spirits.
9. The Holy Father, whose Fire speaks through my Earth: Come to me and set me free, Wind of Fire, Earth of Sea, I am you and you are me, we are One, so mote it be.
10. For Lao knows Fa and Fa knows Dan and thus you too know Brahma, Amon, Auriel, Brian! Hanuman, Tahuti, Gabriel, Matthew! Shiva, Ra, Michael, Mo! Ganesha, Horus, Raphael, Renato! These are the Redeemer's Redeemer. May the long-time sun shine upon them.
11. There is a Gold within and a Blue around every true God. To know the Self, as it is when free from the three poisons, is the only prerequisite in becoming God's Friends.
12. Only Pity is not allowed in the Sorcerer's World, everything else goes.
13. We forgive but do not forget, you dumb Jerks: Your Father is Gay and Your Mother smells like Fish. The Terrorist is within, not without.

Liber Khemet - Petrus the Hierophant

First is Last and Last is First, You are thirsty and I'm the Thirst

What is that rock that floats in the air
 And from which one can never fall
 What is that rock that David's Stone lays upon it
 What is that rocks where spatters go horribly against the wind
 Who put it there?
 Where is here?
 What do those symbols mean that out of thin air they appear and disappear?
 And what is this Darkness that I see you in Shekinah?
 You do not really expect me to put the puzzle together by throwing each piece from afar?
 God says he's anxious, because He did it! He finally did it - He became a Star -
 He sat down beside me, smiled to himself like madmen do, and I got the Bonuses
 The King melted and became the Four Sights, then he halted and turned around
 And everything was well

Cruel is the Mighty to Sinners indeed, dead are the Saints yet forever alive
 And what beautiful bodies, mal a tiger, mal a dragon, here a lion above the hawk

The Eagle is Crying, because it is a butterfly
 The Buddha is Dying, Becomes Enlightenment, the Way of Eternity
 and he laughs, laughs and laughs and he puts a breath on you and laughs some more

And Vishnu is saying "Many lives we've had, thanks Petrus we remember them all"
And Allah is smiling from within, he's smiling and smiling he heals all sin
And Mohamed smells of heaven when he gets blessed by Petrus
The Voodoo doll is Petrus, that's why it always works
Not that it bothers him, only Satan within him
And he laughs and plays the Flute and then he walks away

There is a place where Death has died and in dying gave birth to the Holy Kings
Seven they were but in three bodies, made of sixteen parts and 4 luminous tentacles
They call them "Those who Praise, the Storytellers, the Forgivers"
Those are your brothers, Fools on Earth Wisemen in Heaven - they mourn for the benefit
of All until they Catch the Moment and in it live forever, then they're laughing

There is a Death that is Light of Life and there is a life that is the shadow of Death
There is the Way of the Saint and there is the Way of Self
There is a Door at the Meeting Place, Shiva and Dionysus sit there
They stopped, the world stopped

And there is a Evil Devil inside that I keep under lock, Isa to protect
In the Wind of Time it used to be a friend
I have been spat upon, they burned out my eyes, and they desecrated me
But they did not get the Key - Love
But after me came Jesus with a vengeance
Jesus who is Three, who is Fife, who is Eight, but to the wicked Two
He who smiles and says "Fool what you do to him you do to yourself"
And than they do it to themselves
There was blood where there was none
There was fire but nothing was burning
There is the Devil they call Dispersion

On Earth a Servant, the King in Heaven, and in Hell None indeed
Thus I remember the Three Bodies of Jesus - my friend, my heart and my soul
The Hole in the Bottom and Nothing becomes All, thus is his Spirit
And who ever came to him, felt like at home

The Egyptians laughed at us first, but when Sinuhe appeared
Then they were silent
Said "Welcome to Egypt and Remember Hrumahis"
They gave us Great Wines and Strange Salts so we saw
What was in the Rooms below the Pyramids
And we rejoiced, because we knew "God is Our Protector and the Way is the Path"

Whom God wants to do a favor, Him he sends into the Whole Wide World
They go without moving and are here and there
They sit the Seven Masters, The Seven Churches, the Seven Flowers, the Seven Heavens
And they laugh like virgins, Fools hear creaking the Wise hear sound

The best of us do not notice, because we're somewhere else
Transported by the laughing sound
And sounds of Eternity
Thousands of Lives we lived in the moment
But could never forgive Him
Every time, the Shadow would appear and turn heaven into hell
Then we had to suffer and remember everything ourselves
Ignorant of what has passed

But God is Our Protector and we know no fear
We smile with the Hearth and we breathe the spirit
We always overcome, we always win, we know the way that moves all things
But you do not, nor shall you ever know
We know God because we love him
You don't because you want something from him
Don't you know it - Want is the only Mortal Sin
Those who walk, walk with Jesus and they shall know no want
Who gos against the Way shall want but not have
Those who refuse to understand
Hell will teach them

And we smile and we sing and we go within
In sleeping we are waking
And while we are awake, the Devil is sleeping
And God is Our Protector - You will thank him when he saves you from yourself
And do not argue when he says "You are the luckiest person alive"
Or you won't go to Heaven, but smile and say
Mighty and Just is our Lord, Loving and Kind, Joy indeed is the Lord of the Wind
He who is Nowhere and Everywhere
He who knows All but whom None knows, he for whom the Angels sing
And who saves saints from sin
The Prophets kiss the Big Toe of his Right Foot

Maybe and just maybe and it's not the voices in my head
If you say Amor Amen Amon
He might just appear
SMI^2LE

Liber AEIOU - 5 Theorems on the Numinous Creative Force

1. In the beginning there was the Infinite Void. Out of this void issued a sound. The sound became the mind. After the sound had passed, the mind materialized as a dot of light that has become aware of the first sound. It felt great excitement at hearing the sound and extended itself into infinity. This resembled a circle with the center everywhere and the circumference nowhere. This original matter was made of an infinite

number of dots of light whirling in every conceivable direction, extending into infinity. Each of the lightlike particles was interconnected and aware of every other particle, containing an infinity of possibilities. When one is affected, so is the rest. This primordial net is called the Paraclete Plenorum Divinorum.

2. At the furthest reaches of the Plenorum emerged four Mountains that became the home of the Guardians of the Portal. Each is a union of a God and a Goddess from beyond space and time. In the west is Nao Mo Amitabha. His consort is Nuit Fa Maria. His gift is joy and hers is love. He is the Fire she is Infinite Space. In the south is Shiva Dionysus and his consort Sophia. His gift is enlightenment and hers is Wisdom. He is the ecstatic death and she is Consciousness. In the east is Heru Ra Ha with his consort Maat Dharma Hrak. His gift is healing and her gift is Empathy. He is light and she is empathy. In the north is Tahuti Legba Muti with his consort Lucent Semveta Bes. His gift is perception and hers is curiosity. He is Power and she is evolution. They are known as the Dwellers on the Primordial Mound. They dream the world into existence.

3. The Dwellers created Man through the use of the Hidden Creative Power. With wood, they formed the liver, with heat the heart, with earth the digestive tract, with metal they formed the lungs and with water they formed the kidneys. In order to materialize the rest of the body, the Dwellers intended 13 spheres that from the outside look like a dot of light surrounded by 12 circles, the sun and the planets. They positioned the planets in such a way as to produce music that creates consciousness, spirit and form. Out of all the sounds, the Dwellers considered five sounds as most sacred. The sound A became seeing, the letter E became hearing the sound I became touching, the sound O became smelling and the sound U tasting. By focusing on pronouncing the sound in different ways, they created the first man, as they had all other creatures.

4. The sound the planets produces looked like flowers, whirling and whirling in widening gyre. The sun became the bones, muscles and skin Mercury became the kidneys and bladder, Venus the lungs, Earth became the stomach, Mars the heart, Jupiter became the liver and gallbladder, Saturn became the spleen, Uranus the Intestines, Neptune the Genitals. There are three more planets, which became the circulatory system, lymphatic system and nervous system. The glands are the Children of the seven visible planets each representing one color of the visible spectrum. Created by the harmony of the spheres, the organs obey the modality of time.

5. Time is like sand. Each grain contains the totality of existence as experienced in that moment. It is circular and its temporality is dependent on local circumstances. The lords of time are those who have recounted each grain in their life and thus burned with the fire from within. Some there were who used their power for good while others sought to fetter with darkness the hearts of man, but few attained non-locality of time. Time goes through cycles of change, guided from a source that is equally contracting and expanding at the same time. Thus it pulsates, rips apart and assembles whole universes. Lord of All, Time is, Change is Time. Like threads woven together bound and released.
